The second YouTube is not woodturning but it may be of interest.  
It is about cutting very large blocks of Italian Marble out of a quarry

### *President's Report*

Please be aware that the Kilmore Art Expo will be held from Friday, 12<sup>th</sup> to Sunday 14<sup>th</sup> April 2019. Please submit a list with your items detailing the item number and the price to me by Wednesday 3<sup>rd</sup> April. Each item requires a sticker, preferably underneath with your serial number, and another sticker prominently displayed showing the price. Volunteers required please so see me to indicate your availability.

Speakers/demonstrators are hard to find for our monthly Saturday meetings. If you have any suggestions please approach a member of the Committee with your thoughts.

I overheard two new members talking at the club last week in which one said, "I am really enjoying this" as they discussed their woodturning efforts. That was good to hear and many thanks to those who have been assisting them.

We look forward to the return of our Treasurer, Beryl Watling, as she comes back from a cruise to New Zealand. We also trust that a couple of our Sick List members are recovering and ready to return to the club soon.

Lionel Hart made a novelty toy which involved moving parts and marbles. He brought it to the club last Wednesday. Unfortunately, our turn up for the day was lighter than usual so a few missed out on seeing it. Full credit to Lionel for his attention to detail with it – well done!

We will not be submitting items for Bridgewater Lakes Retirement Village this year. Our sales at the last one were fairly poor and unfortunately there is only a couple of weeks gap between it and the Kilmore Art Expo which would make it awkward to arrange lodgements.

A little note for those who drop shavings on the floor when you get home:

You can generally tell a lot about a woman by her hands. For instance, if they are around your neck you can assume she is upset with you.

Cheers,  
Alan

### *Show N Tell*

Joe Van Koeverden has made these bud vases from burls and finished them with Livos Oil.

Gordon Watt has made this Lidded Container from Hawthorn and finished it Livos Oil. There is also a texturing band.

Mario Fenech has made this box from laminated timber.

Chris Robinson has made this bowl from American Walnut and finished it with Shellawax.
